	Application of NET-tel Corporation for a)	SERVICES
	Certificate of Public Convenience and)	
	Necessity to Operate as a Reseller of)	
	Intrastate Interexchange Telecommunications)	
	Services within the State of South Carolina.)	
	DOCKET NO. 97-094-C)	

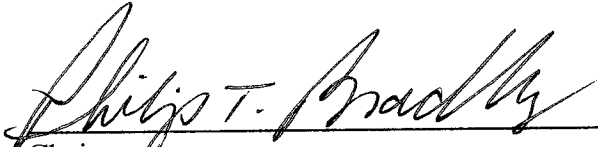

This matter comes before the Public Service Commission of South Carolina ("Commission") on the request of Net-tel Corporation ("NET-tel" or "Company") for a modification to Order No. 98-747, issued September 29, 1998, and Order No. 97-651, issued August 1, 1997. Order No. 98-747 granted NET-tel a Certificate of Public Convenience and Necessity to provide local exchange services on a resold or non-facilities basis. Order No. 97-651 granted NET-tel authority to provide resold intrastate interexchange telecommunications services within the State of South Carolina. NET-tel now comes before the Commission asking that Order No. 98-747 and Order No. 97-651 be modified to authorize NET-tel to provide facilities-based local and interexchange

telecommunications services, as well as the resold or non-facilities based services previously authorized.

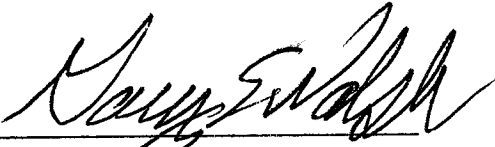

Upon examination of this matter, the Commission concludes that the request of NET-tel should be granted. NET-tel has previously established to this Commission that it is fit, willing, and able to provide the services proposed. On further review, we believe, and so find, that the NET-tel is fit, willing, and able to provide facilities-based services as well as the resold services previously authorized. Order No. 98-747 and Order No. 97-651 are hereby modified to authorize NET-tel to provide facilities-based local and interexchange telecommunications services, as well as the resold or non-facilities based services previously authorized.

This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director

(SEAL)
